*- **BLACK ON WHITE CARDS**: During part of 2004 and 2005 the viewer cards were displayed on white backgrounds with black text. In order to post as visually close as possible to the original bump, use UBBC tables to create an individual cell for the black and white (or other colors) viewer cards. Add the "atrb" tag from the "Select tag" drop down to stretch the cell and color it or paste the following in the cell that the text will go in (beside the [td] tag).*

For white cards:
[bg=ffffff][atrb=width,100%,true][atrb=border,0,true]

For black cards:
[bg=000000][atrb=width,100%,true][atrb=border,0,true]

Dear Adult Swim,

Dear roofy,

Sure it doesn't exist

But you should buy it
all the same.

[adult swim]

Dear Adult Swim,

What's up with you just posting cards and not replying to them?

You're sure getting lazy.

Being the smart person that I am, I know that if I leave this card at that you won't post a reply.

But now that I've said you won't post a reply you probably will.

So basically you'll just do the opposite of what I want just to toy with me.

Your move.

MISSING CARD

-[-]

Dear user,

[adult swim]

[adult swim]

F A Q S

What is this site about?

This site is to archive in an orderly manner the B&W Viewer Bumps/Cards that [adult swim] plays between their shows and ad space. Since working on posting them on the [adult swim] message boards (in some way) over 3 years, I have taken it as my personal responsibility to help making them easier to read and find.

How do I get on TV?

Simple. You sign up for the Adult Swim Message Boards and find the floated/sticked "Dear Adult Swim" thread in the BUMPS section. There is also a chance of getting bumped from other parts of the boards as well, but this is the best place to start. A little tip: They like fan made stuff.

How do I know when I get on TV? Do they email [the user] beforehand?

You will know if you watch. They have not, at any time, told people they were going to be bumped, so if you want to catch it the first time, it is best to check out Sunday night. katt_goddess will usually post a rundown of all of the night's bumps in the "General Bump Discussion" thread. The viewer bumps are not transcribed, only summarized. As an aside, they do not email or message me either. Kind of takes the element of surprise out of it.

I missed my bump!!! Where can I see what Adult Swim said to me?!?!

There are three (3) options. One way is to catch the second run of Sunday night. If you miss Sunday entirely, you may be able to catch it during the weekday run. Another way is to look in this thread (do not post here) to see if it has been updated yet. This thread is usually updated early Monday morning. Yet another way is asking in the General Bump Discussion thread if there will be a video (or if they will be so kind as to upload one) at bumpworthy.com.

** This site will be updated on a weekly basis as well once everything else is up-to-date

I saw a flash of names listed last night. Was I on it and does it count as a viewer bump?

If a flash of names (from the boards) appears on the screen, it is usually not going to count as a Viewer Bump. It depends on the context. If you were on it, the list will usually be posted by someone at sometime. Occasionally the bump crew from Adult Swim will post the whole list for us, but most of the time it is the other regular users. Please understand that any large list like that can have mistakes if posted by a regular user.

Have I ever been bumped?

Good question. There are many places you can search to find out. The first place is here. Please note that most links posted in there do not work anymore due to the current board organization and archiving. This thread is updated monthly to bi-monthly. Another place, for a quick search, is here. This site is updated weekly. If you don't feel like searching, ask in the thread listed above and comedyswimfan089 or myself (mahala_la_la / Goodnight_Gracie) will answer your question.

** I hope to have a list here as well. So stay tuned!

Who has the most bumps? o.O

At the moment BEMaven with 20 bumps. There is a list here (where you can ask where you are on the list!) and a list here with top bumpees of the year as well.

- - Last updated: February 09, 2013

What about regular bumps or Top Scores of the Week?

Regular bumps I can post on request - but only during the week it is airing, since I use the same tape to record each Sunday. NumyMufn may be able to assist with bumps further back. Note: It is much easier for her when there is a date (or time of year) and a general description of the bump. Top Scores of the Week are listed by terrorist96 weekly in the "Adult Swim Games" section of the message boards and he usually links to the post in the General Bump Discussion thread.

** They may or may not be listed here.

What are "bootleg bumps"?

Bootleg bumps are the result of [adult swim] nixing Thursday Night Viewer Night in which all bumps they played were viewer cards/bumps. When this happened, a few people on the boards decided to carry on in the Thursday Night tradition by culling posts from the "Dear Adult Swim" threads and posting them in order to let other members respond in an [as]-ish manner.

Dear Adult Swim:

Can I purchase some
advertising space for like $10

and use it
to promote anime?

[Gaynor79]

Based on current
advertising rates

$10 gets you this: [shows a small promo for Bleach]

Nice doing business
with you

Google has created a set

Here's an idea, stop reading
the YouTube comments section

It's like shoving
your head in a toilet

and then wondering why
everything smells like shit

In 1973 a Cal State geography professor
made a map of the U.S. with 38 states

He also named them.

We'd be in Piedmont.

How about you?

Greetings from sunny Los Angeles, California!

Hi, my name is Christine Lee.

I will be your host for tonight.

For the next seven hours

you will be my comedy bitches.

Sorry, anime fans.

This is payback for Saturday Night. :)

This is Christine, signing off

HAVING IT HER WAY.

Muahahahaha.....

So after [adult swim]
contacted me about the contest,

I hyperventilated,
of course.

Once I regained
my composure

[and regulated breathing]

I thought:

How wicked it is
that a girl won this contest?!

Female [as] fans,
this one's for you!

I am the envy
of every guy watching [as].

Boo ya!

Don't be playa hatin'. :)

[adult swim]

Here's my goofy,
lovable cousin.

Sorry boys,
she's taken!

She was my comic
relief before [as].

Much love to Mina!

[she's at the party]

I recently went to Europe
for the second time

and the nice people at [as]
accommodated my travel schedule

when it came time to plan
this baby (my block, that is).

Throughout tonight, you'll be seeing
various, random pictures

that I took in various,
random cities.

Any collegiate will tell you that
roommates make all the difference.

Let me introduce you
to (most of) mine:

A (Korean) American girl
in Paris?

Oui!

Here's Home Movie's

Normally, [adult swim] repeats itself
at this time of night.

The folks at [as] offered me
the option of doing the full 7 hrs.

I chose to do the whole night,
of course!

So stay up.

There's lots of goodies
in store!

British accents,
British humour (i.e. wit),

British culture.

British bands like THE CURE.

Haven't you guessed the next episode,
you daft blockhead?

[cheerio]

Speaking of England,
this is me in Bath

trying on a corset at
the Costume Museum.

Slimming, but one
